

Plan of the Day

Over the next couple of weeks, it is likely that schools will close so that we can protect vulnerable people from coronavirus.

Although it might seem a bit scary, this is a fantastic opportunity to develop skills that will be incredibly beneficial in later life, such as...

To help you get the best education possible, there will be a weekly pack of work uploaded to the New Valley website. This will include your weekly word study list, maths, VIPERS, English, discovery and science. When you complete the work, take a photo of it and email it back to me so I can give you feedback. There will also be a list on the website of useful learning websites and activities to try if you have some spare time.

To establish good habits and look after your mental and physical health while you are not at school, it would be a great idea to get into a daily routine. Have a go at designing your own 'Plan of the Day' so you can manage your time and get the most out of your day, just like we do at school.

My teacher's email is: Beech@newvalleyprimary.com

Plan of the Day

The date:

The weather is...

We need...

Morning

10.45 - 11.00

Afternoon

12.30 - 1.30

Plan of the Day

Fresh air

English

Mind time

Exercise

Discovery

Reading

Maths

Creative time

Chores

Chatting

Technology

Chill out
