English

The Last Wolf

Write the date and English at the top of your page.

English Friday 3rd July

Learning Objective: I can create a piece of writing to educate other people about conservation.

This week you have been doing lots of research about forests and what is happening to them. You researched the impact that this has had on the environment and the animals that live in them.

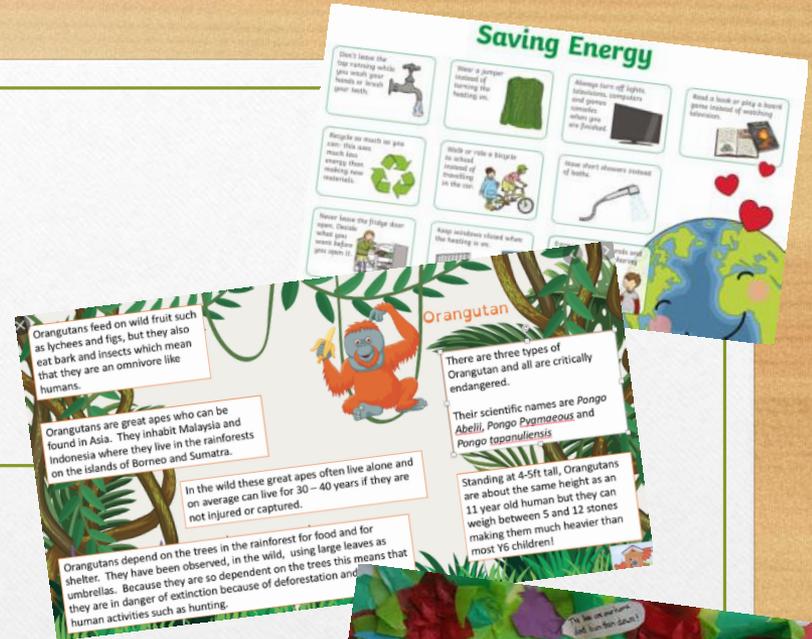

Today your task is to create a piece of writing to educate (tell people) about conservation and why it is so important.

Look on the next slide for more information!

Look at some of the examples.

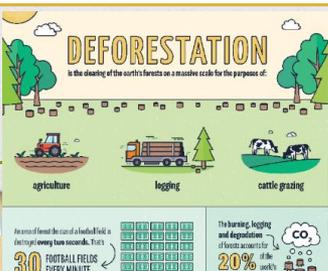

There are lots of different formats you may want to consider when doing your writing. You could choose to write a:

- Letter to somebody about planting more trees/ stop deforestation.
- Information page about deforestation.
- Report about deforestation.
- Leaflet about a particular area which is being impacted.
- Poster about conservation.

You need to think about everything you have done this week:

- ✓ Why are trees important?
 - For animals, materials, environment and food.
- ✓ What are the problems?
- ✓ Definition of conservation and deforestation.

LO: I understand what deforestation
is.

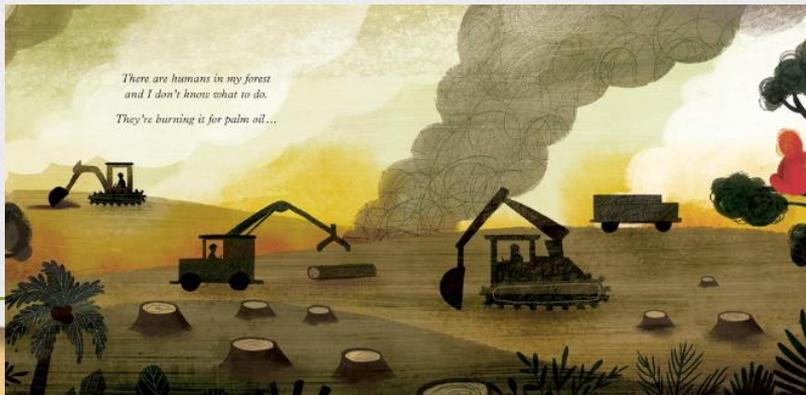

Some of you may have seen this video before. It is about an Orangutan who's home is being destroyed so he doesn't have a home anymore and he doesn't know what to do. Click on the picture to watch the video.

This week in English, you have started thinking about conservation and why our trees are so important. In your daily PSHE lessons this week, you will be thinking about sustainability and recycling.

This story was told through a poem.
Can you write a shape poem about trees.

What do they look like?
Why are they important?
What is happening to them?
