Random Acts of Wildness

Make a nature mandala

You will need

- Bags or baskets to collect natural materials
- Natural materials:

Only pick from your own garden and leave plenty for pollinators!

- 1 Head outdoors and collect your natural materials. Try to find a few of the same thing as this will help with your shape (eg. five yellow leaves, four twigs of equal length).
- 2 Find a flat surface – maybe a table or even your lawn or yard outside. Place one of your finds down first to act as the middle of the mandala.
- 3 Use the rest of your finds to make a pattern coming out from the centre. Consider the symmetry of your pattern, making one side mirror the other. You can be as creative as you like.

The word 'mandala' is Sanskrit for circle. The circular shape symbolises how nature doesn't begin or end, but is always connected.

- 4 Remember to take a photo of your finished mandala!

Spanish – Saying how you feel in Spanish

Have a go at this Spanish lesson! In this lesson, we will recap our previous learning and then learn how to say different emotions in Spanish. By the end of the lesson we will be able to say how we feel in Spanish! You will need a pen and paper for this lesson. Have fun!

Happy birthday NHS!

Yesterday was the NHS' 72nd birthday! Could you make or draw something to show your appreciation? Be as creative as you can!

Music

Each week, we will upload lessons sent by Mr Shepherd as part of your Music Sound Start program you would normally get in school.

The files and videos are available here:

<https://drive.google.com/drive/folders/1PnFk6iR7vNP3gOOZQjLmNfywhP2582B>

There are also activities on Charanga Yumu here:

Science – How do flowering plants reproduce?

Have a look at this BBC Bitesize lesson! Can you spot any pollinators, like bees, in action on your walks? Next time you walk past some flowers, have a look to see if you can recognise any of these flower parts!
