

WOW WORK!

WANTED

Have you seen this unhelpful man?

None's right

We want him because he kidnaps kids. He has a big nose, a big ear, and his nose is as big as a foot. You should not go to him because he will take you. He is 63 years old.

You might find him in a cold, dry place. In a snowy field. He rides on a sled because it is faster. I wish his horses to pull the sled, the horses have shot, they are.

You should stay away from him because he will take you.

1000 Reward

WANTED

Have you seen this kind man

His nose is like
High tower, because he nose all the distance
from head to his nose is same his feet
will be shorter of height size

How much time he is in the jail

he needs a letter for his wife.

Had had to stay away because he
looked bad from over henna

Reward £500,000

How can you
compare stajek?

His nose is as long as
a dogs tail

His hair is as wavy like
a wire

He is as angry as a lion

Thank you very much
I believe he is he maybe
you, but he is he is
at the top of the hill
he is as tall as a tree
but he is as thin as a
stick, black black black
blue blue blue his blue
because because because
because because because

History

In ancient Egypt they had pyramids and he don't.

There houses are different to ours.

When people die they put their body in a special place they
unwrap and put it in the biggest pyramids there houses
are called temples.

They draw instead of writing. and the writing, a big
word

The ones a just a big hole.

English

Today we are going to go through what everyone included in their wanted poster. We are going to show off some 'WOW Work'.

First we are going to read a bit more of the story and think about what has happened so far.

Children will then have a chance to read their poster to everyone.

If there is time at the end, we will place vocabulary bingo. Children will need a piece of paper to write down words.

Wider Curriculum

RE:

<https://www.bbc.co.uk/bitesize/topics/ztkxpv4/articles/zvfnkmn>

Watch the video:

**Who is Jesus? What is the Holy Trinity?
Complete the sheet provided.**

Handwriting – This week we are practising tall letters. We are going to practice writing the letter h.

**Spellings - The prefix (added to the beginning of a word to change the meaning) un is added to words to make them mean the opposite. E.g. uncertain – not certain.
unclear, unable, uncover, unbeaten, unaware**

PE: https://chipsteadvalley-my.sharepoint.com/:v:/g/personal/jmorgan44_306_paceacademytrust_com/ESxmJxtlF4xlqimxlzszUuUBux5p-bkoAR-eq943tujj6Q?e=vQUBqc

Maths

We are going to end the week by solving word problems with multiplication and division. We are going to think about the words in the problem that might help us to decide whether we use division or multiplication.

VIPERS

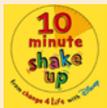

Read pages 30 - 35 of Ice Palace.

1. On page 32, what simile is used? (r)
2. 'He jerked his head round and saw a white shape that flew soundlessly through the trees' What are they describing and how do you know? (e)
3. Describe the owl in your own words. Draw a picture.

Reading Vipers

Vocabulary
Infer
Predict
Explain
Retrieve
Sequence or Summarise

Maths

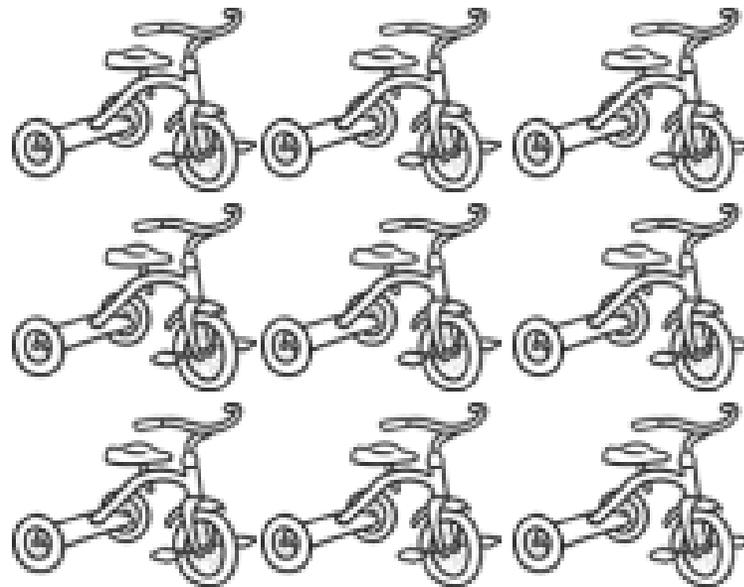

I know that this is multiplication because I can see 9 tricycles and each have 3 wheels and I need to find the total.

This would be $9 \times 3 =$

So

$$3 + 3 + 3 + 3 + 3 + 3 + 3 + 3 + 3 = 27$$

1. How many wheels would 9 tricycles have?

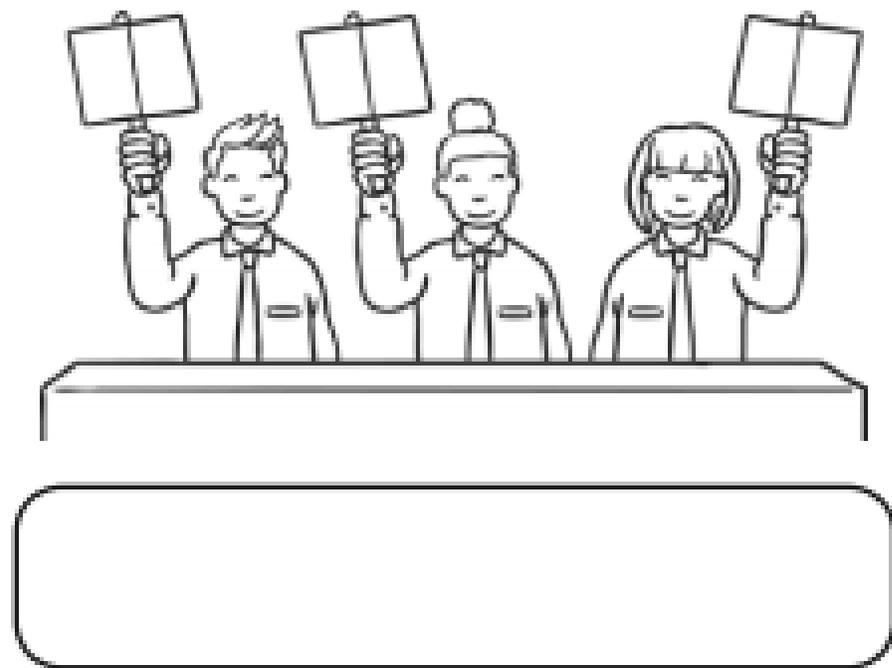

I know that this is division because they have told me the number altogether and the number of people I need to share between.

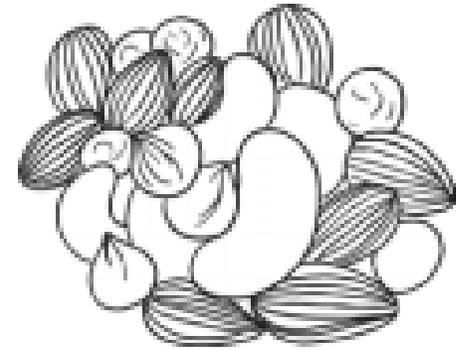

*This would be **27** ÷ **3** =*

I could draw 3 groups and share out 27 or I can count in 3s.

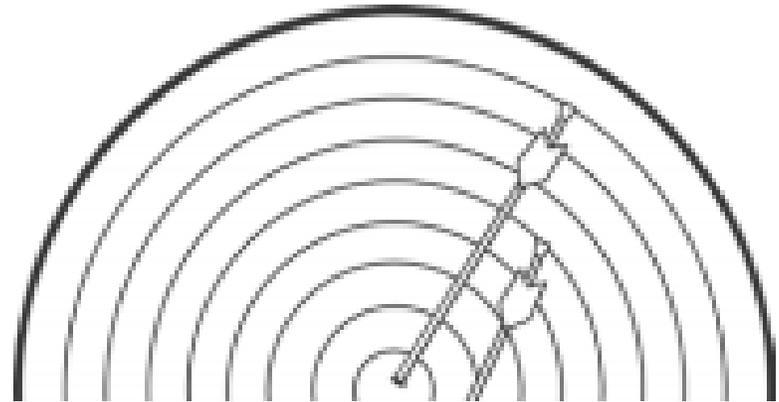

4. Three judges award 27 marks overall. They each give the same score. What score did they each give?

7. Trish, Karen and Layla share equally a packet of nuts. There are 21 nuts in the pack. How many nuts do each get?

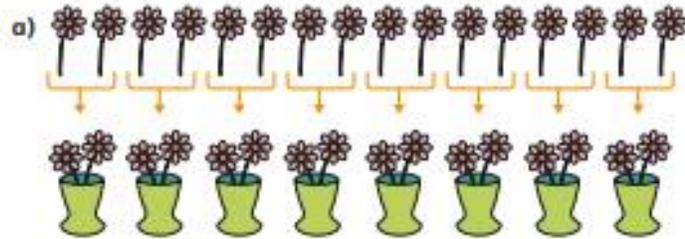

3. Hanan is a keen archer. One day she shoots 5 arrows. Each arrow scores an 8. What is her total score?

Resources

Divide by 8

1 Complete the sentences.

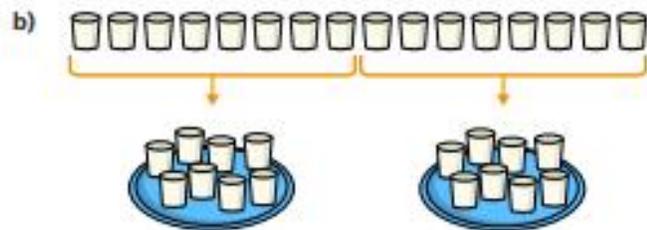

There are flowers.

There are vases.

Each vase has flowers.

16 shared into equal groups is

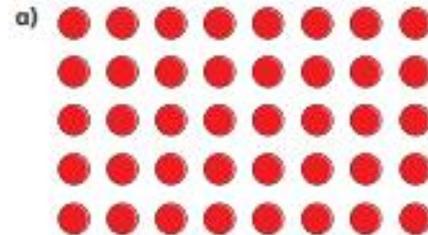

There are 16 glasses of milk.

There are glasses of milk on each tray.

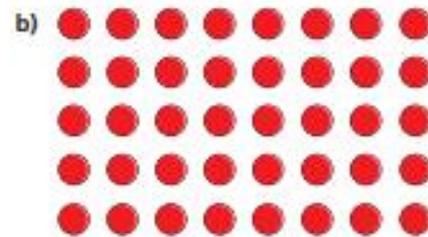

There are trays.

16 shared into equal groups is

2 Use the arrays to help you complete the divisions.
Draw on the arrays to show your workings.

$$40 \div 8 = \square$$

$$40 \div 5 = \square$$

3 32 coins are shared between 8 people.
How many coins does each person get?

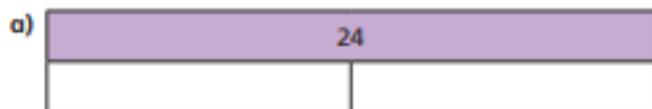

Complete the division.

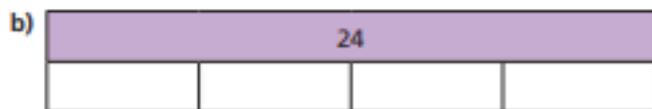

$$\square \div \square = \square$$

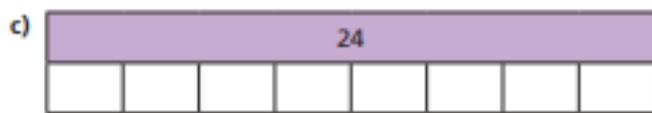

- 4 Complete the bar models and division statements.

$$\square \div \square = \square$$

$$\square \div \square = \square$$

$$\square \div \square = \square$$

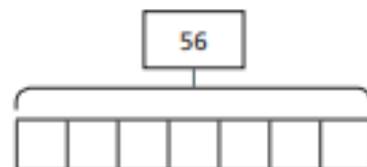

What do you notice?

- 5 40 kg of potatoes are packed into 8 kg bags.
How many 8 kg bags can be filled?

- 6 a) Match the number story to the bar model.

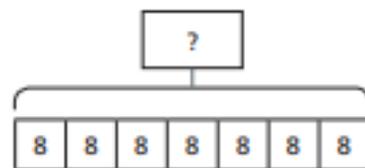

56 sweets are shared equally between 8 party bags.

56 sweets are put into party bags. There are 8 sweets in each bag.

- b) Complete the bar models.
c) Think of a number story to match this bar model.

- 7 Circle the numbers that divide by 8 exactly.

RE:

You can draw this on paper and colour it in.

Saint Patrick used the shamrock to explain the Holy Trinity. The shamrock is made up of three separate leaves that make one plant, just like the Holy Trinity with the Father, Son and Holy Spirit all making up one God.

Cut out and colour the shamrock and add the names of the Holy Trinity to each leaf.

Father

Son

Holy Spirit
