Feedback: “Do you know how to stay safe outside school?”

“Safe Places Organisation believes that everyone should be able to feel safe and be safe no matter where they find themselves. The Safe Places National Network is working to create a nationwide network of support, so help is available to anyone who needs it, when they need it. It is important pupils’ voices are heard. We encourage you to organise a campaign to write to your local council leaders, Police & Crime Commissioners & Members of Parliament and ask them to take your safety seriously.”

Was good news overlooked in 2020?

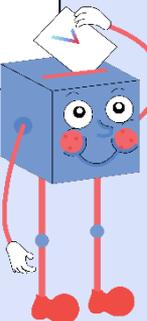

Yes

- There were many good news stories that I didn't know about in 2020.
- Even with the good news, Coronavirus was still the main thing we talked about, so the other news was overlooked.
- It was, but it always is, because we focus on the bad news more than the good.
- ...

No

- I knew about most of these stories, so it can't have been overlooked.
- We needed to talk about Coronavirus, but this doesn't mean that we forgot about all of the other news stories.
- We still celebrated the good news that happened in 2020, so I don't think it was overlooked.
- ...

We will be **sharing your thoughts on this topic** with **The Happy Newspaper, Positive News, BoredPanda, Good News Network** and **The Week**.
