WOW WORK

Thanks for not printing this page!

The year will be over and not of the things how it passed with winter which is really cold and snowing the tree dry up with no leaves and most most people get cold. then comes spring flowers is start coming out bees and bugs feeding on them a little nice weather here comes summer alot of sun hot weather playing outside in the park then Autumn leaves change colour and falling all trees and it begin to get rainy

22/2/12

Vipers

1. I Predict that it's about a girl who goes to see her garden and goes into her magical garden = think this because the place looks like a garden and it looks magical.
 2. I Predict that she goes there every season I think this because there are different things for different seasons in the garden.
 3. I Predict that the girl plays with the things in the garden I think this because the girl looks excited.
- English
The year has 12 months but only has 4 seasons.
In winter there are no leaves on trees it's just a brown trunk with brown branches.
Snowflakes fall you can make snowballs and throw them at people you know to have fun.
The spring comes happy animals come out to play.
Flower bloom lots of beautiful colours rising & rising from the dry ground.
bees come out to collect nectar for honey delicious, sticky honey.
It's hot in summer you can play in a paddling pool it can cool you down.
Playing outside with friends being sprayed by a sprinkler.

The days are longer you can get more things done.
In autumn autumn the leaves start to change and fall off.
There colourful and make patterns it can be cold in autumn but not as cold as winter.
When it gets really cold it's telling us that winter is starting to come again.

B. 3 lots of 5 =

C. $7 + 8 =$

Spelling

How many words can you think of that have the split digraph **a-e** in it? See if you can get to 20!

Example: make, cake, tame, shame.

Click [here](#) for Daily phonics and use Set 3 lessons

VIPERS

We are continuing our book 'If all the world were'.

Answer the following questions.

V: What does budding mean?

I: Why do you think they spend time together?

E: Why does she call it his giant hand?

R: Where are they exploring?

It's spring.

I take long walks with my grandad.
I hold his giant hand.
He says, "You're too old to hold hands."

We explore,

hand in hand,

the budding springtime.

What I need to know and do

verb

Verbs are doing or action words.
(This includes 'to be' and 'to have').

run

LO.I can write commands.

Listen to part two of the story [here](#).

Think about this page:

What might it mean to mix feelings and paint them over sad places?

It might mean that painting over sad places might be a way of wanting to make somebody feel better.

Your task today is to have a go at creating a top tip guide for dealing with feelings. Think about the ways you could make someone feel better. Use some ideas from the book if you can! Your guide should contain verbs (doing words) that are used as a command. Try and come up with 10 top tips.

Example:

Top tips for dealing with feelings

Think of the budding springtime

Share your feelings

Mix the bright feelings to paint over the sad one

Paint and **draw** your feelings

Tell a story.

Take a look at the working wall for ideas on verbs for commands.

HANDWRITING

If you can't print this sheet, just use lined paper or your home learning book and write it out.

Make sure to use a sharp pencil!

Maths Learning Journey- Statistics using Multiplication and Division

Thanks for not printing this page!

I know how to read and make a tally chart.

START

The mathstronaut then asks some more friends their favourite season.
Help him complete the pictogram.

Season		Total
Spring	     	5
Summer	     	6
Autumn	 	2
Winter	  	3

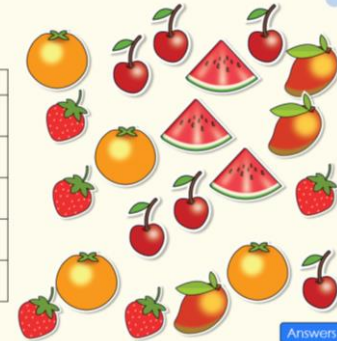

Key
 = 1 person

Answers

I can read and interpret a I-I pictogram.

To know how to draw a pictogram
Make a tally chart for the items shown.

Food	Tally	Total
		4
		5
		6
		3
		4

Answers

We are here!

I can draw a pictogram.

I can read and interpret a pictogram.

END

I can read, interpret and draw block grams.

Please use this to help understand the learning journey we are taking in maths and for reminders of certain concepts. It will get updated as we work through the journey.

Remember if you don't have a printed version of the sheet, you can just write what you would circle/tick/complete instead of having to draw it!

1. Use the tally chart to complete the pictogram.

Birds sighted	Tally
Crow	
Pigeon	
Sparrow	
Robin	

Birds sighted	
Crow	
Pigeon	
Sparrow	
Robin	

Key

 = 2 birds

3. Year 2 are selling tickets for their school play. They record how many tickets they sell for each day.
Draw a pictogram to represent this data.

Day	Tally
Monday	
Tuesday	
Wednesday	
Thursday	
Friday	

2. Use the information in the tally chart to complete the pictogram using a symbol of your choice.

Pets Owned	Tally
No pets	
1 pet	
2 pets	
3 pets	
3 + pets	

Pets Owned	
No pets	
1 pet	
2 pets	
3 pets	
3 + pets	

Key

 = 5 people
