

23 June 2021

Dear Parents/Carers

Open Evening at de Stafford School – Thursday 16 September from 5 - 8pm

We were sorry that the extension of Covid-19 restrictions meant we had to cancel our July event, however we are delighted to be able to now invite you to our Open Evening on Thursday 16 September. This will be an excellent opportunity for you to meet our students and staff and find out as much as you can about our sought-after school.

During the evening, there will be three presentations (at 5pm, 6pm and 7pm) to enable you to attend at a time convenient for you. In addition to the presentations, we invite you to take a tour of the school to see all the wonderful and engaging opportunities we have to offer. Furthermore, our students are very keen to meet you and have volunteered to be tour guides for the evening, should you wish to be escorted around our school. Please note there is no requirement to pre-book for this event so simply arrive at a time of your choosing.

Grow, Learn, Believe and Achieve are our school values and really do underpin all we do here at de Stafford.

Our school is a smaller than average secondary school for students aged 11 to 16, where all members of our community are highly valued and respected as individuals. We also pride ourselves on our broad and balanced curriculum, providing the challenge and support needed to ensure our students achieve their full potential. Our outstanding pastoral system enables our students to grow, learn and flourish in a calm, purposeful environment, based upon a culture of high expectations and mutual respect.

All our students are offered a wide choice of enrichment and extension activities, including school trips, clubs and our highly successful Duke of Edinburgh's Award Scheme. Furthermore, we enjoy excellent learning facilities, including the Freedom Leisure Sports Centre with fitness pool and newly refurbished gym.

As regards Post-16 opportunities, our successful relationship with our partner colleges, Reigate College and East Surrey College, has created an excellent track record of ensuring students' progress onto a programme which meets their needs, enabling them to achieve their future aspirations.

We very much look forward to warmly welcoming you to our school on Thursday 16 September. Please don't hesitate to contact us should you have any questions in the meantime.

Yours faithfully,

Jeremy Garner
